

November 10, 2014

To All My Patients:

Since founding Andover Dermatology over 36 years ago, I have enjoyed the practice of medicine/dermatology and the special opportunity to serve as one of your physicians. It has been a privilege, and I value the relationship I have had with each of you.

We all travel through successive chapters in our lives, and I am ready to enter the next chapter of mine. I will be retiring from the practice of medicine at the end of this year. This is certainly a bittersweet decision for me. While I look forward to spending more time with my wife and family, and pursuing some non-medical interests, I will miss the practice of medicine, and especially the meaningful relationships I have had with my patients.

This transition at Andover Dermatology has been well planned and my experienced associates, Dr. Christine Andersen and Dr. David Gruber will be assuming the care of my patients. I hope you will continue your care with these excellent physicians. However, if you choose to obtain your care elsewhere, you can transfer your records by a simple written request to the office.

I am truly grateful to all of you for the confidence you placed in me and for the privilege of serving as your dermatologist. I wish you good health and much happiness in the future.

Sincerely,

Michael J. Terlizzi, MD
